

Green Schools

We are working towards our sixth flag under the theme global citizenship. We were the first second level school in Co Leitrim to achieve a green flag. It creates a great incentive in the school to have and sustain a green flag which shows that our school is environmentally friendly.

School Policies

The revised Anti-Bullying, Code of Behaviour, and Mobile Phone policies are now (from Easter) available to view on our web-site – www.dvs.ie

The following policies are currently being reviewed:

Critical Incident Policy, Attendance Policy, & Managing Chronic Health Conditions (eg: allergies etc)

Your opinion/input is invited and can be submitted at principal@dvs.ie or in writing to the principal

Building Works

The extension to the Engineering Room has been completed. Funding has been secured from the DES for a significant extension to the school in addition to the planned ASD Unit. This additional approval meant that we had to go back for planning that would incorporate the extra building. Despite the resulting delay, we are pleased that this further extension will greatly improve our facilities. Provision will now be made for a full size music/drama room in addition to regular classrooms. After the planning is approved, building works are expected to commence in mid-July 2014.

Celebrating 50 Years

This year, DVS celebrates 50 years of second level education provision in the area. A school committee has been busy organising a commemorative magazine. If you have any memorabilia, photos etc. of your days at DVS and you would like to share them, you can e-mail the organising committee at DVSfifty@gmail.com or contact John King at the school.
